

Clare

Explo

in

Victorian Life

(History, Literacy & English)

Experience what life was like in early Victorian times! Tour the house and village and discover how old buildings were constructed.

Explore John Clare's garden, especially the vegetable patch, find out what people ate, and how people cured common ailments using plants out of the garden. How did the village poor live? And what did the Victorians do in their spare time?

Poets and Their Places

(English, Literacy & History)

Discover Clare's landscape and his stories, explore the local area which inspired his poetry and use it as a stimulus for your own creativity.

Devise your own tall tales based on the cottage and local legends, then weave them into an original dramatic performance.

Local Explorers

(Geography, Geology, Natural History & Environmental Science)

Find and examine plants and insects. Where does stone come from? And how do different soils produce different results for plants and gardens? Find hidden clues for why the countryside looks the way it does.

All our educational programmes can be designed to suit your Key Stage requirements. Call the education team at the Cottage for further details:
